

Ashutosh Mishra

+91 6307006620 | ashutoshmishra6620@gmail.com | [LinkedIn](#) | [GitHub](#) | Gonda, Uttar Pradesh, India

Professional Summary

Full Stack Developer skilled in the MERN stack (MongoDB, Express.js, React.js, Node.js) with hands-on experience building and deploying scalable, responsive web applications. Proficient in Java and Data Structures & Algorithms, with a strong focus on writing clean, efficient, and maintainable code. Proven ability to design REST APIs, integrate real-time features, and deliver end-to-end solutions from concept to deployment.

Education

Shri RamSwaroop Memorial University <i>B.Tech in Computer Science & Engineering</i>	Lucknow, Uttar Pradesh <i>Aug 2023 – Present</i>
S.A.S.B.S Thompson Inter College <i>Intermediate (PCM)</i>	Gonda, Uttar Pradesh <i>2019 – 2021</i>
Bhartiya Inter College, Katra Bazar <i>High School</i>	Gonda, Uttar Pradesh <i>2017 – 2019</i>

Technical Skills

Languages: Java, JavaScript, Python (Basic)

Web Technologies: HTML5, CSS3

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming, REST API Design

Frameworks & Libraries: React.js, Node.js, Express.js, Next.js, Framer Motion, Chart.js, React Router

Databases: MongoDB, Firebase Firestore, MySQL

Tools & Platforms: Git, GitHub, VS Code, Figma, Vercel, Render, Firebase Console

Projects

Lifeline | *Emergency SOS Platform* | React.js, Node.js, Express.js, MongoDB

- Developed an emergency SOS platform enabling users to instantly alert emergency contacts and nearby responders with real-time location sharing.
- Built secure REST APIs using Node.js and Express.js for handling SOS requests, contact management, and alert notifications.
- Designed a responsive, accessible interface to ensure quick and reliable access during emergency situations.

DevTrack | *Developer Productivity Dashboard* | React.js, Node.js, Express.js, MongoDB, Chart.js

- Built a dashboard to track coding activity, task completion, and development progress across projects.
- Designed and implemented REST APIs for data aggregation and visualized productivity metrics using Chart.js.

ByteBound | *Freelancing Platform* | React.js, Tailwind CSS, Firebase

- Built a freelance portfolio platform enabling users to showcase projects and services to potential clients.
- Designed a responsive UI and integrated real-time notifications using React Toastify to improve user engagement.

InternJob.in | *Startup Project* | React.js, Firebase, Firestore, Tailwind CSS

- Built a platform delivering verified alerts for internships, jobs, and hackathons to students.
- Developed an admin dashboard with advanced search and filtering capabilities using Firebase Firestore.

Achievements & Leadership

Winner – Smart India Hackathon (Internal Round) <i>Led a 4-member team to design and develop a web-based solution addressing real-world institutional challenges</i>	2025
Class Representative (2 Terms) <i>Served as a liaison between faculty and students, coordinating academic communication and resolving issues</i>	SRMU
Event Coordinator & Technical Event Participant <i>Coordinated university-level events and participated in technical competitions and workshops</i>	SRMU
Social Media Head, DCSE <i>Managed the department's official social media presence and created engaging digital content to boost outreach</i>	SRMU
